

A 10x10 grid with a black border. A thick black path is drawn on the grid, starting from the top-left corner (row 1, column 1) and ending at the bottom-right corner (row 10, column 10). The path is composed of horizontal and vertical segments, creating a complex, non-linear route that visits many of the grid cells. The path starts at (1,1), moves right to (1,10), then down to (10,10), and continues in a series of steps and loops, eventually returning to the start area. The path is approximately 1 pixel thick.
