

A 10x10 grid with a black path forming a shape similar to a '4' or '7'. The path starts at the top-left corner (0,0) and ends at the bottom-right corner (9,9). The path is composed of horizontal and vertical segments. The shape is roughly as follows: (0,0) to (0,9) is a vertical line. From (0,9) to (1,9) is a horizontal line. From (1,9) to (1,8) is a vertical line. From (1,8) to (2,8) is a horizontal line. From (2,8) to (2,7) is a vertical line. From (2,7) to (3,7) is a horizontal line. From (3,7) to (3,6) is a vertical line. From (3,6) to (4,6) is a horizontal line. From (4,6) to (4,5) is a vertical line. From (4,5) to (5,5) is a horizontal line. From (5,5) to (5,4) is a vertical line. From (5,4) to (6,4) is a horizontal line. From (6,4) to (6,3) is a vertical line. From (6,3) to (7,3) is a horizontal line. From (7,3) to (7,2) is a vertical line. From (7,2) to (8,2) is a horizontal line. From (8,2) to (8,1) is a vertical line. From (8,1) to (9,1) is a horizontal line. From (9,1) to (9,0) is a vertical line. The path is continuous and forms a single connected shape.
