

A 9x9 Sudoku puzzle grid. The grid is divided into 3x3 sub-grids. The numbers filled in are as follows:

4	1	5			9			
				1			7	5
	7		5		4			
8					1			
					6		1	
		9	8			5		2
9	5			8		6		
								4
3				4	7			

Arrows and their associated sums:

- Top row: 25 (points to first three cells), 24 (points to last three cells), 40 (points to entire row).
- Right side: 8 (points to second row), 1 (points to eighth row), 32 (points to ninth row), 52 (points to entire column).
- Bottom: 15 (points to first three cells of ninth row).
