

A 3x3 grid with numbers and diamond-shaped paths. The numbers are: Row 1: (1,1)=8, (1,3)=3, (1,4)=1, (1,5)=6, (1,6)=5, (1,7)=9, (1,8)=2, (1,9)=3; Row 2: (2,1)=5, (2,2)=9, (2,3)=1, (2,4)=3, (2,5)=2, (2,9)=1; Row 3: (3,2)=6, (3,3)=2, (3,4)=3, (3,5)=4, (3,6)=4, (3,7)=9, (3,8)=2. Diamond shapes are placed at various intersections and along the paths. The paths are continuous lines connecting the diamond shapes.
