

A 6x6 grid with 15 white circles and 1 black circle. The white circles are located at the following grid intersections: (1, 1), (1, 3), (1, 5), (2, 2), (2, 4), (3, 1), (3, 3), (3, 5), (4, 2), (4, 4), (5, 1), (5, 3), (5, 5), (6, 2), and (6, 4). The black circle is located at the intersection (1, 2). The grid is defined by 6 vertical and 6 horizontal lines, creating a 5x5 array of squares. The circles are positioned at the intersections of these lines, with the first intersection at the top-left corner.
