

A 10x10 grid with a black path and white obstacles. The path is defined by thick black lines, and the obstacles are defined by thin gray lines. The path starts at the top-left corner (0,0) and ends at the bottom-right corner (9,9). The path is a single continuous line that visits every cell in the grid exactly once. The obstacles are the cells that are not part of the path. The path is a single continuous line that visits every cell in the grid exactly once. The obstacles are the cells that are not part of the path.
