

A 6x6 grid with numbers and a continuous path. The numbers are placed in the following cells (row, column): (1,1)=2, (1,3)=5, (1,5)=4, (1,6)=3, (2,1)=3, (2,2)=6, (2,4)=8, (2,5)=9, (3,2)=7, (3,3)=9, (3,4)=2, (3,5)=3, (3,6)=9, (4,2)=8, (4,3)=7, (4,4)=9, (5,1)=9, (5,2)=8, (5,3)=2, (5,4)=7, (5,5)=4, (6,1)=8, (6,2)=2, (6,3)=7, (6,4)=4, (6,5)=6, (6,6)=4. The path starts at (1,1), goes to (1,3), (1,5), (2,4), (2,2), (3,3), (3,1), (4,1), (4,3), (4,5), (5,5), (5,6), (6,6), (6,4), (6,2), (6,1), (5,1), (4,1), (3,1), (3,3), (3,5), (2,5), (2,4), (2,2), (2,1), (1,1).
