

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=8, (1,6)=2, (1,7)=3, (2,6)=6, (2,7)=1, (2,8)=2, (2,9)=7, (3,6)=9, (4,2)=5, (4,3)=9, (4,7)=7, (5,2)=8, (5,5)=5, (5,6)=7, (5,7)=9, (5,8)=4, (6,1)=9, (6,3)=2, (6,4)=3, (6,5)=2, (6,6)=1, (6,8)=3, (7,3)=8, (7,5)=9, (8,9)=3. A path of gray lines connects the numbers in the following order: 8 (1,1) to 1 (2,7) to 6 (2,6) to 9 (3,6) to 7 (4,7) to 5 (5,5) to 7 (5,6) to 9 (5,7) to 4 (5,8) to 3 (6,4) to 2 (6,5) to 1 (6,6) to 8 (7,3) to 9 (7,5) to 3 (8,9).
