

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,1)=5, (1,4)=2, (1,5)=9, (1,9)=3, (2,1)=6, (2,4)=6, (2,6)=3, (2,7)=2, (2,8)=9, (2,9)=7, (3,1)=2, (3,2)=4, (3,4)=3, (3,5)=6, (3,8)=1, (3,9)=9, (4,1)=7, (4,2)=3, (4,4)=1, (4,5)=5, (4,7)=5, (4,8)=9, (4,9)=5, (5,1)=4, (5,3)=8, (5,4)=2, (5,5)=8, (5,7)=9. A path of gray lines connects the numbers in the following order: 5 (1,1) to 6 (2,1), 6 (2,1) to 4 (3,2), 4 (3,2) to 3 (4,2), 3 (4,2) to 1 (4,4), 1 (4,4) to 5 (4,5), 5 (4,5) to 2 (5,4), 2 (5,4) to 8 (5,5), 8 (5,5) to 3 (2,6), 3 (2,6) to 2 (2,7), 2 (2,7) to 9 (2,8), 9 (2,8) to 7 (2,9), 7 (2,9) to 3 (1,9), 3 (1,9) to 9 (2,8), 9 (2,8) to 1 (3,8), 1 (3,8) to 5 (4,7), 5 (4,7) to 9 (4,8), 9 (4,8) to 5 (4,9), 5 (4,9) to 9 (3,9), 9 (3,9) to 6 (3,5), 6 (3,5) to 3 (3,4), 3 (3,4) to 6 (2,4), 6 (2,4) to 2 (1,4), 2 (1,4) to 9 (1,5), 9 (1,5) to 3 (1,9).
