

A 9x9 grid with numbers and a path. The numbers are placed in the following cells (row, column): (1,4)=4, (1,5)=7, (1,8)=4, (2,2)=3, (2,3)=8, (2,4)=7, (3,6)=1, (3,7)=6, (4,2)=2, (4,5)=8, (4,6)=3, (4,7)=9, (5,1)=5, (5,2)=7, (5,3)=2, (5,6)=1, (5,7)=4, (5,8)=7, (5,9)=3, (5,9)=9. The path is a continuous line of gray segments connecting the following cells: (1,4) to (1,5), (1,5) to (2,5), (2,5) to (2,6), (2,6) to (3,6), (3,6) to (3,7), (3,7) to (4,7), (4,7) to (4,8), (4,8) to (5,8), (5,8) to (5,9), (5,9) to (6,9), (6,9) to (6,8), (6,8) to (6,7), (6,7) to (6,6), (6,6) to (6,5), (6,5) to (6,4), (6,4) to (6,3), (6,3) to (6,2), (6,2) to (6,1), (6,1) to (7,1), (7,1) to (7,2), (7,2) to (7,3), (7,3) to (7,4), (7,4) to (7,5), (7,5) to (7,6), (7,6) to (7,7), (7,7) to (7,8), (7,8) to (7,9), (7,9) to (8,9), (8,9) to (8,8), (8,8) to (8,7), (8,7) to (8,6), (8,6) to (8,5), (8,5) to (8,4), (8,4) to (8,3), (8,3) to (8,2), (8,2) to (8,1), (8,1) to (9,1), (9,1) to (9,2), (9,2) to (9,3), (9,3) to (9,4), (9,4) to (9,5), (9,5) to (9,6), (9,6) to (9,7), (9,7) to (9,8), (9,8) to (9,9).
