

A 9x9 grid with numbers and a path. The numbers are: Row 1: (1,1)=2, (1,4)=9, (1,6)=3, (1,7)=7, (1,9)=2; Row 2: (2,2)=5, (2,3)=4, (2,5)=5, (2,8)=8; Row 3: (3,2)=2, (3,4)=2, (3,5)=6, (3,6)=9, (3,8)=3; Row 4: (4,1)=1, (4,5)=9, (4,6)=8, (4,7)=6; Row 5: (5,5)=4, (5,7)=2, (5,8)=7; Row 6: (6,4)=8, (6,7)=4, (6,9)=3. A path of gray lines connects the numbers in the following order: 2 (1,1) -> 5 (2,2) -> 4 (2,3) -> 9 (2,5) -> 2 (3,2) -> 2 (3,4) -> 6 (3,5) -> 9 (3,6) -> 8 (4,6) -> 6 (4,7) -> 2 (5,7) -> 7 (5,8) -> 4 (6,7) -> 3 (6,9).
