The puzzle grid is a 12x12 grid. The numbers above the grid represent the number of train tracks in each column, and the numbers to the right represent the number of train tracks in each row. The grid contains several pre-placed train tracks and signal lights. Train tracks are represented by horizontal lines, and signal lights are represented by a vertical line with a fan shape. The signal lights are located at (row, column) coordinates: (1, 11), (2, 3), (2, 10), (3, 4), (5, 6), (5, 8), (7, 10), (8, 1), (8, 11), (10, 6).
